## EDUCATION

---

**The University of Auckland**

*Ph.D. in Computer Science*

Auckland, New Zealand

*November 2018 -- April 2022*

- Supervisors: Jiamou Liu and Bakh Khoussainov
- Thesis: *From One to Infinity: New Algorithms for Reinforcement Learning and Inverse Reinforcement Learning (submitted in September 2021)*

**The University of Auckland**

*First Class Honours in Computer Science*

Auckland, New Zealand

*July 2017 -- July 2018*

- Dissertation: *Network Building: Methodological Foundations and Algorithmic Analysis*

**Beijing Institute of Technology**

*Bsc in Computer Science & Technology*

Beijing, China

*August 2013 -- June 2017*

## WORK EXPERIENCE

---

**The University of Auckland**

*Research Fellow*

Auckland, New Zealand

*June 2021 -- Present*

- I am currently a research fellow affiliated with the School of Computer Science at the University of Auckland.

**Alibaba DAMO Academy**

*Research Intern*

Beijing, China

*September 2020 -- January 2021*

- I served as a principal contributor and programmer of a research project, where I proposed a novel framework that combines deep learning and bandit techniques to enhance the efficiency and accuracy of the recommender system.

## RESEARCH INTERESTS

---

My main research interest lies in the theory of reinforcement learning in multi-agent systems. I aim to solve issues modelled as multi-agent systems from the learning-theoretic and game-theoretic perspective. Along this line, my ultimate goal is to reinforce the insights into theories of applying reinforcement learning in conjunction with game theory. Very recently, my focus moves to reinforcement learning in games with massive agents. I attempt to explore exciting results in such scenarios through combining reinforcement learning and the mean field theory.

## SUPERVISION

---

**Honours**

- **Yiwei Qi.**

The University of Auckland.

*February 2022 -- November 2022*

Topic: *Building A Game-Playing Agent Using Decision Theory*

## TEACHING

---

- **COMPSCI 220: Algorithms and Data Structures**  
Guest Lecturer, The University of Auckland. *Semester 1, 2022*
- **COMPSCI 399 Capstone: Computer Science**  
Project Supervisor, The University of Auckland. *Semester 2, 2021*

## ACADEMIC SERVICES

---

- **Conference Reviewer:** ICNLP 2022, BSCI 2022.
- **Journal Reviewer:** Social Network Analysis and Mining (SNAM).

## AWARDS

---

- AAMAS 2022 Scholarship *April 2022*
- Google Global PhD Fellowship Nomination (Australilia & New Zealand) *August 2020*
- Best Paper Award, BSCI 2019. *July 2019*
- Summer Scholarship Funding from PDH Research Partnership. *November 2018*
- University of Auckland Doctoral Scholarship. *October 2018*
